

THE WellSpring

A QUARTERLY NEWSLETTER OF WELLSPRING OF LIFE GLOBAL OUTREACH

VOLUME 3 SEPTEMBER 2023 EDITION

10 years and counting!!!

Although the organisation wasn't incorporated until 2018, from its inception (in 2013) till now has been a decade of God's blessings, Jesus' love, and the Spirit's leading.

The WellSpring of Life Global Outreach is delighted to have made it thus far; being able to keep on the good work of feeding hungry families, caring for the sick, supporting the Church, and aiding one another. We are most grateful to God for his unending faithfulness and we appreciate our supporters, without whom we would not have made it this far.

Here are what some of our volunteers have to say:

Pastor
Olayinka O. Israel
Co-ordinator

Coordinate the organisation's outreach programs, with the help of God and the direction of the Holy Spirit.

I have been with WellSpring of Life since its incorporation, over 8 years now; and it has always been a joyful and amazing journey.

WellSpring of Life is all about reaching out to the poor, needy, captive, oppressed, rejected, and destitute. The focus is on reaching out to the total mankind in the world with the undiluted and uncompromising love of God. With the changing times, we all know that times are hard, but God has been faithful to us at the WellSpring of Life.

The motivation for my service to the organisation is the Holy Spirit who gives me life, health, strength, and courage in pursuit of this glorious mandate at WellSpring of Life.

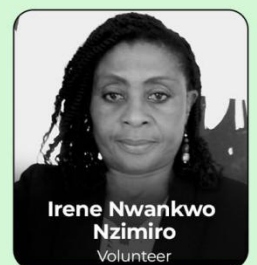

As the Bible rightly says in Titus 2:7, we should commit ourselves to good works; and also in Matthew 5:14-15, we should let our light shine before men. So I would encourage everyone to join us in any God-given capacity in propagating the love of God to the world.

A Lawyer, and into the business of the kingdom of our Lord Jesus Christ.

WellSpring of Life Global Outreach is all about Jesus and taking the Kingdom of our Lord Jesus Christ to people's doorsteps, particularly those in the rural areas, where you have the larger population of vulnerable and downtrodden people, swayed by the pressures and challenges of life. I've been with the organisation for eight years and I can say that WellSpring has come to stay. Its mission is a divine assignment that touches lives and has made a tremendous impact spiritually, socially, and otherwise in the lives of multitudes. It entails the business Christ has called us unto.

The motivation for my loyalty to the organisation is the joy that comes from seeing the laughter, tears of joy, and shouts of rejoicing we bring to random faces of different tongues, tribes, and religion. By simple acts of kindness, we see people's hope restored, their tears dried, and their gratitude that God, who is in heaven and rules over the affairs of men, could remember them even in their closet. Through the activities of the organisation, I have gotten to enjoy encounters that words alone cannot describe. After every outreach and breakfast meeting, the refreshing that flows from my inside to the outside, the empowerment I feel, and the unexplainable joy that flows from the womb of my spirit make it worth adventuring into.

Unfortunately, changing times is a normal phenomenon; and given the state of our economy, the organisation is not left unaffected as we require a sufficient amount of money to be able to make provision for the food items, cash gifts, and other necessities supplied to those in dire need of them, as well as the logistics required to get these gifts where needed. More financial contributions are needed as the burden of finances is put on very few shoulders. We continue to pray for an increase and continuous supply so that the good work is continued.

Irene Nwankwo
Nzimiro
Volunteer

Serve as a media resource.

The WellSpring of Life Global Outreach is basically about obedience, sacrifice, and servanthood.

I have served with the organisation for ten (10) years now and no, never has changing seasons stopped our organisational activities; because the provision to carry out the assignment that's given to us cannot be influenced by earthly systems.

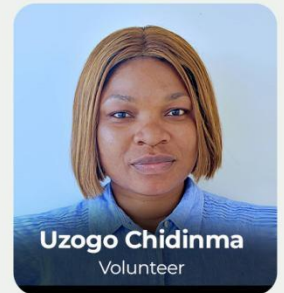

The joy it brings to the Master motivates my voluntary service.

Serve as welfare personnel.

I have been in the organisation for nine years and still counting. My experience has remained a good one. WellSpring of Life Global Outreach has been awesome with advertising Jesus and taking it to people's doorsteps.

Not at all. Changing times haven't hindered our activities, considering it is the Lord's fellowship and project. He will always make a way for us to move forward without sweat. My motivation for working with the organisation is the love and togetherness we share as a family. To a large extent, the fellowship and outreach have opened my eyes to knowing God more and to appreciate every blessing that has come my way.

I would like more people to come to know about our outreach programs and Brethren Project and become actively involved so that more lives can be touched and they can reap the blessings and riches that come with serving and being a blessing to others.

Partner/Volunteer talk continues... look out for the next edition

THE QUARTER'S ACTIVITIES

2 Locations, 150 Bags of Food Items, and Joyful Exclamations

Our door-to-door Jesus at Your Door outreach program took us to Lugbe, into the villages of Zhidu and Ketti. The people in the community received our news of good tidings and gifts with much joy and celebrated being remembered and Jesus' love for them. God led our volunteers to carter to these cases and more. Here are the remarks of a few beneficiaries:

"I have been expecting a gift from God and today He has answered me!"
-An expectant woman

"Three days ago in my dream, I was seated with Jesus in the boat and He told me to repent."
-A native doctor

"There is no food in the house and I had been thinking about what I and the family would eat. Although not due for harvesting, I was considering plucking the few corns on my little farm to see if I can prepare a meal from it."
-A woman trying to feed her family

"We will eat today! We will eat today!"
-The joyous celebration chant of a woman's hungry children as their mother received the bag of food items

"My husband was kidnapped and killed in the process. We are with no husband, no father, and no food."
- A widow with children

There were many more expressions of gratitude and thanksgiving. Acts of random kindness, no matter how little, can go a long way. It blesses both the recipient and the giver.

Our Teenagers' Devotional, TEENAGERS ASK 28 CRUCIAL LIFE QUESTIONS on Faith, Love, Friendship, is out!

About the Book

"28 Crucial Life Questions on Faith, Love, Friendship" is a devotional for teenagers thirsty for a life in Christ; teenagers who are not satisfied with religious dos and don'ts but pant after the teachings of Jesus.

This devotional may have been written with teenagers in mind, but it is a study for all ages – everyone seeking to get deep truths concerning matters that war against the soul. The word of God is often misinterpreted to gratify the desires of the flesh, but with each study, you can learn Jesus' way of living and dealing with issues of life. You can also participate in activities that will nurture you into becoming the #JesusYou
